## STATEMENT OF BUYING A PAINTING BY FRANCIS BACON.

My name is Rolf Af Sandeberg; I am 81 years old, a retired publisher for Sweden's biggest tabloid The Expressen. My work brought me to London on several occasions. I have always been interested in art, and bought paintings when I could.

I met Mr. James, but not Mr. Connors, and later to Francis Bacon and bought the painting of him in 1974. I met him on several occasions in the publisher's circles that we all moved in.

I was in London in 1974 for the Wimbledon championships (with Mr. Jimmy Connors won). I bought the painting for £7000, the deal was set up in a hotel bar and the painting was delivered the day after.
